In one of the semi-final matches in the third eight two semi-final matches in the third eight two George T. Moon, Jr., 200 :> 191. It Forest Hill veterans, T. J. Lintott and J. P. McFadden, fought out a struggle that went one hole beyond the stipulated round. McFadden won.

An eighteen hole handicap also was playd to-day Judge Lantott winning the second.

Appleby was brought back to a tie for first place with Charles P. Matthews of Brooklyn. These two play in the final Brooklyn. These two play in the final game of the tourney to-morrow night and the winner of the contest will take first place, while the loser will be tied with Moon for second.

Moon showed great spunk in yesterday's game and kept the lead most of the time. Appleby gained the advantage in his tenth turn at the table with a run of eighteen. but Moon took it right away from him with twenty-two. The play then was fairly even until the twentieth and twenty-first innings, when Appleby made runs of seventeen and sixteen and got a lead of eighteen points. Mc.r. took it away with clusters of ninetes, and ten and remained in front until the thirtieth

The Columbia boy began to pull away then, and in the thirty-seventh inning had a lead of twenty-four points, with the score of 169 to 145. Moon pulled up score of 169 to 145. Moon pulled up steadily, but could not catch his opponent, and in the forty-third inning Appleby was in front at 189 to 183 and went to the table for his next turn with the balls in excellent position for a run. In his over-anxiety to run out Appleby missed an easy one after bringing his total up to 191 and Moon came back with a run of seventeen, which gave him the match. Moon was nervous and got the balls in a bad lineup on his fourteenth siroke, but counted on a hard cushion drive. When he reached 199 Moon was again in a bad way, but finished the match with a pretty spread draw shot. The score:

CANADIANS KEEP AT BAKER; LAY HIM OUT

But Hobey Piles Up Winning Number of Goals Before He Succumbs.

KICK IN KNEE ENDS HIM

The St. Nicks, or, better still, Hobey Baker, defeated the Victorias of Montreal, champions of the Montreal city hockey league, at the St. Nicholas ice skating rink last night, in a game that sizzled from start to finish, by 6 goals to 1. The Canadians came down with a reputation of being able to stop anything with a skate on and labored under the impression that they could stop Baker. but they couldn't, and thereby hangs the tale. The visitors at the outset of the game tried to keep Hobey in the back-

ground by outskating him, but the game

found that this could not be done and other methods were brought into play.

In behalf of the Canadian players it may be said that the erstwhile Princeton star finally did have to retire from the game, but the trick that did the trick came after six goals, had been considered. game, but the trick that did the trick came affer six goals had been scored by him or his teammates with his assistance. It was near the end of the match that a gigantic Canuck named Fraser, who had gone in for Sargent, with great presence of mind kicked Baker in the knee as he was passing and opened a big gash in the speedy rover's leg.

Transition of the Victorias were stretched in various uncomfortable positions on the ice. Baker accomplished this only by skilful dodging, which forced the visitors to trip and push one another. This scene created quite a little diversion for the big crowd of spectators, but the Canadians did not like it a bit and after that Baker just had to be removed.

Possibly the idea that Baker stood up while the Canadians were sprawling around the ice in their attempts to dump him made them just as anxious to be rid of him as his accuracy in shooting, but they did not like him a bit and let all of the other St. Nick players go unseathed. There is no doubt that man for man, with the exception of Baker and possibly Ellis, the visitors were every bit as good as the home club. Notwithstanding this the score would have been much bigger against them had it not been for as good as the home club. Notwithstanding this the score would have been much bigger against them had it not been for the phenomenal work of the goal tender. Law.
